A vehicle may be provided with one or more doors and/or windows to provide access to the interior of the vehicle. In some cases, these doors and/or windows may be hinged or pivoted on the vehicle in a manner such that the door or window may be opened relative to the vehicle to provide access to the interior of the vehicle and closed relative to the vehicle to provide a seal between the interior of the vehicle and the exterior. These doors and/or windows may include one or more components such as sliding doors and/or sliders, lift gates, rotating doors, and/or window lifts. In some cases, such components may be subject to failure such that they may not provide the functionality intended.

Q: Unable to loop through multiple records using jquery I'm unable to get the looping through multiple records to work properly for my HTML table. I'm using ASP.NET and the script is called from button click. Please see the codes below

```
Script Code $(document).ready(function () {  
    //var data = $(".check").val(); var data =  
    $("#ctl00_ContentPlaceholder2_lblBaseCurrency").text(); var data1 = "SELECT DISTINCT  
    DATE_FORMAT(r.InsertDate, '%Y-%m-%d') AS ReportDate, r.Reported_by_officer,  
    r.Reported_for_officer, r.IsResolved, r.SIno FROM tbl_Reported_reps r JOIN tbl_Staff s ON  
    r.Reported_by_officer = s.ID WHERE r.Reported_
```

I am still trying to figure out how to determine a function's domain and range, in fact, I am just trying to understand what the specific function I am given will actually be so that I can apply the appropriate argument as a function. Here are some examples I have been given:
$$f(x) = \begin{cases} 1 & \text{if } x > 0 \\ 0 & \text{if } x = 0 \end{cases}$$

$$g(x) = \begin{cases} x & \text{if } x > 0 \\ -x & \text{if } x = 0 \end{cases}$$
 For example in \$1. I believe \$x\$ is to be the range, which would mean we can just evaluate it at \$x = -1\$ and get the answer 0. For \$2\$ I believe we can evaluate it at \$x = 0\$, as the answer would be 0, and so forth and so on. Any help is appreciated, thank you for reading!
